

## Bluestone Perennials

7211 Middle Ridge Rd, Madison OH 44057

Bluestone Perennials is one of the largest national mail-order retailers of plants in US, and is over 40 years in business. Family-owned and run, we grow all of our plants here on our 50 acres in 40+ greenhouses .

Groups are welcome! We have over 1000 varieties of perennials, shrubs, mums, groundcovers and grasses in our enclosed outlet area, all available for your enjoyment and purchase, should you choose. Or you can enjoy the nursery and tour, and then take your catalog home to order later. We ship all over the country, but there is a nice discount when plants are purchased on site. (We also have annuals and hanging baskets in the spring for on-site sales, but unfortunately, we can't ship those.)

Tours are free and can be tailored to the interests and time-frame of your visit. Our facility is under rain cover and is handicapped accessible. Large buses are fine. Parking is not an issue.

We welcome tours from the first part of April until the middle of October, although April and May are by far the most popular months (planting time!). Don't forget September is also a great time to tour and plant perennials! We are closed on Sundays, and do not book tours on Mondays. We close for the entire Memorial Day weekend (Fri, Sat, Sun & Mon). Tours can be scheduled from 9 a.m. to 3 p.m. and typically consist of a 20-30 minute walk-about with a guide, followed by perusing/ shopping our vast collection. We are quite flexible, though. Purchases can be boxed for under-bus stacking if needed. We are a working nursery, so comfortable shoes and appropriate clothing for the weather are good ideas.

Please call us to arrange your visit so that we can be ready to give you a tour.

Whatever the size of your group, we welcome the chance to show you around. Hope to see you soon!

p.s. Yes! We are open to the general public! Regular Outlet hours:
